

LAS VEGAS GOOD SAMs

The Las Vegas Good Sams have been an active chapter since 1978. We are a mixed group of campers with some retirees and some still working, some families have kids and some don't, some families have pets (mainly dogs) and some don't, some are more active and some are less active. Some of our outings are as close as the lake and sometimes we go farther afield up to about 200 miles from LV. We do some camping in RV parks with hook-ups and some dry camping. Generally our group doesn't do many structured activities, however, we like to explore and take advantage of what is available in the area where we are camping. We are pretty laid back and enjoy a campfire and visiting. Some of us have ATV's, so a couple of outings a year we go where we can ride, either trail or sand.

We meet the 3rd full weekend of every month. Families volunteer to be host for an outing and pick the location of the outing and the Saturday potluck theme.

With our group, you can attend up to three outings as guests so you and the group can check out the "fit". During three outings you can generally see who we are, where we camp, and what we like to do. This group feels like a 2nd family to most of us. So whether you join a chapter just as incentive to get out and use your RV more often, or for the comradery of a group, or to try new places, we hope you will check us out.

We look forward to seeing you at one of our outings.
